Beth:

We had a discussion about that yesterday. PT1 and PT2 were sampled separately and did not include the other items attached to that group. There was a misunderstanding between Leroy and Daniel on the sampling and these did not get included as a group.

Gary,

Good morning, according to the information I have Acid Group 6 is also part of PT2 and Acid Group 7 is part of PT1 therefore I should have representative data. With that being said those are also two streams that are scheduled to be resampled for TCLP analysis.

Thanks,
